

# JAWBREAKER II

COMMODORE 64 VERSION  
BY  
DOUG WHITAKER

A trip to the candy shop was never so exciting--or so dangerous!! While you are gobbling up treats, a swarm of happy faces are trying to catch you to pull those teeth. To avoid those grinning gobblers, move quickly from side to side and up and down through the continuously moving doors.

Your only defense is to eat an energizer and go after the happy faces. You only have a few seconds, and fewer, and fewer as your score climbs--so hurry!!

Once you clear the screen of treats, you will get your teeth brushed before beginning the next level.
